Week:

1. Montagnolo Cheese, also known as Montagnolo Affine, is a mild blue, triple - cream soft cheese from Germany. It is crafted from pasteurised cow's milk and vegetarian rennet, offering a rich, buttery flavour balanced by the tanginess of its blue veins. The cheese features a creamy texture with buttery and slightly undertones combined with a hint of salt. It pairs well with crusty bread, crackers, and fruits as well as fruity red and white wines. A delightful choice for cheese lovers and a firm Hawkridge favourite!
2. Mexicana ® Cheese is a UK produced cheese known for its bold, spicy flavour. It is infused with 14 spices and real jalapeno, bell and chilli peppers to create a distinctive taste experience.
3. Cricket St Thomas Brie a Westcountry creamy with a mild, fresh flavour and soft edible white rind. The brie is an award winning British soft cheese that helps operators to offer a point of difference to cheeseboards and recipes.

INTRODUCING BURGER MELTS

Introducing the new Clawson Farms Burger Melts range, featuring Artisan Blue Stilton®, Smoky Jack, and Caribbean Blazer, crafted to bring bold, adventurous flavour to summer dining.

Expertly sliced for convenience and a perfect melt every time, this versatile range makes it effortless to elevate everyday favourites.

From burgers, toasties, and bagels to loaded fries, grilled meats, and sharing starters, each variety adds its own unique twist, whether rich and creamy, subtly smoky, or with a vibrant chilli kick, turning simple dishes into something truly special.
